Deceptively simple, the airy and delicate appearance of String Chair belies the obsessive attention to detail devoted to its design by Studio WM, Rotterdam-based duo Wendy Legro and Maarten Collignon. Versatile and durable, use WM String Dining Chair inside or outdoors. A design and a chair, which is totally impossible not to notice. Due to the strength metal - the construction could be made in a very light construction, which brings light into the design in a literal and figurative sense. The string chairs are perfectly suitable for both indoor and outdoor use because of its durability. Add the customised String cushion for additional comfort.

About the Designer

Wendy Legro and Maarten Collignon are the founders of Studio WM - a design studio based in Rotterdam, The Netherlands. Guided by all senses, their mission is to create seemingly simple design that reflect the love that is put into them - and their details - for years to come.
